SAVEETHA
SCHOOL OF ENGINEERING

An IET Sponsored One Day Workshop On Airborne Internet

6th December, 2019

Convenor(s)
Dr. S.P. Chokkalingam, PDIR-CSE
Dr.T.P.Anithaashri, Head-Innovative Informatics

Organized by

Department of Computer Science and Engineering & Information Technology, Saveetha School of Engineering SIMATS, Chennai - 602 105

Sponsored by

IET The Institution of Engineering and Technology

About Saveetha Institute of Medical and Technical Sciences

Saveetha Institute of Medical and Technical Sciences is a premier institution that provides quality technical education and offers an ideal platform for students to develop multidisciplinary expertise. This helps them to evolve into confident next generation professionals. The University strongly believes in providing impetus to research and development, fostering innovations in technological growth which eventually leads to a strong nation building process and transforms every student to be the most productive and promising citizen of the nation.

Vision

To be, and to be recognized for setting the standards of excellence in professional education and high quality scientific research.

Mission

To promote academic excellence, widen al horizons, inculcate self-discipline and high ideals for the total personality development of individual. To convert a novice into a complement professional with excel-lent theoretical knowledge and unsurpassed practical/clinical skills and so motivate interest in research activities, further education and social services

About Department

Dept. of CSE & IT nurtures the students and faculty members with modern technologies and trends to cater the needs of present IT paradigm. The departments are equipped with State-of-the-Art computing facilities and infrastructure. The students are encouraged and exposed to the latest developments happening in the IT domain. The faculty members are committed and dedicated with a motto of providing equal opportunities with all round performance. To strengthen the capabilities of students, the department of CSE IT have created an excellent infrastructure with latest servers and workstations and also frequently conducting workshops, conferences, ex-pert lectures and symposium.

About the Workshop

This workshop is aimed at the emerging trends in Airborne Internet to explore in the field of Computer Science Engineering and meet the industrial requirements. Hands-on session on Airborne Internet Tools will be conducted for the participants to gain knowledge on utilities for IoT and scope for engineers who are in high demand as every organization move to reap the benefits of IoT Applications.

Resource Person

Mr. P. Ranjith Kumar
